Bruce Knapp manages the e-discovery process for the Litigation practice. He has extensive legal experience and is well versed in ESI and provides analysis of complex data to support attorneys and clients on topics and issues across the EDRM spectrum, from data collection through production and presentation. Bruce works closely with attorneys and review teams, and directly with clients to customize and expedite cost-effective document review and production, both in-house and in conjunction with e-discovery vendors. He also manages and oversees vendor relationships and individual case engagements.

Bruce holds the Certified E-Discovery Specialist (CEDS) certification from the Association of Certified E-Discovery Specialists (ACEDS).
